Extra Jobs Out Court Declares

Moonlighting is a thing of the past for Randall County employes.

Commissioners court Monday reaffirmed a policy against extra jobs for county employes as an aftermath of cutting the salary of Mrs. Genelle Bourland $1,620 annually.

Mrs. Bourland, secretary to the county judge, has been drawing $3,000 from the county and $2,580 from the state. The salary from the state is paid for her duties as assistant county school superintendent.

Mrs. Bourland's salary was cut back to a total of $330 a month.

Action cutting the secretary's salary was instigated by Clarence Beckman who declared that the salary was out of line with court house salary schedules.

Commissioners learned last week that Mrs. Bourland's salary was raised by the county school board in September of 1967 upon request of the late Judge Lloyd King. Members of the court said the salary was raised without their knowledge.

"We always assumed we couldn't get one salary out of line with the others," declared Commissioner Glenn Dowlen. "We are in a position where we did get out of line without our knowledge."

Following the action on Mrs.

CHS Girls InRegional March 9th

Canyon High School girls basketball opponents from Stephenville for regional honors stand 20-8 for the season with the Eagles holding a 19-11 win-loss record.

The Eagles meet Stephenville March 9 at 7:30 p.m. in Snyder.

CHS Coach Bob Schneider, who saw the Stephenville squad play last week, said materialwise the Eagles opponents were about the same size but do not utilize the press as is common in this area.

The Stephenville high scorer, Nita Stevens, stands 5'9" and averages 13.5 points per game.

Canyon's Pam Richardson has a 21 point average, followed by Susan Swatzell with 17 and Jan Sternenberg with 11.

Both teams play a low post offense and the Stephenville squad was described by Schneider as "scrappers".

Although CHS has lost two games since defeating Tulia to take district, Schneider said he had not been too displeased as both opponents were champions in their own district.

Winner of the CHS-Stephenville clash will advance to the state tournament March 14-16 in Austin.

Land Board Appointed

The Randall County Commissioners have recently completed the appointment of three local residents to serve on the Veterans Land Board Commission.

Those appointed include Larry C. Wright, and T. W. Rutledge, both of Amarillo, and John Brazzil, county agent who resides in Canyon. All three live in Randall County.

The three-man commission will receive and act on veterans applications to purchase land through the Veterans Land Board.

They must certify the financial responsibility of those applicants who live in Randall County and those who live in other counties but purchase land here.

Recommendation that a commission board be appointed was made by Texas State Land Commissioner Jerry Sadler.

Bands Will Seek Bottles

A "pop-bottle raid" will be conducted Saturday by members of the Canyon High School Band, according to Gary Zook, director.

Students will canvas the city for empty pop bottle donations. They will have headquarters at the rear of Bellah's Super Market for those desiring to bring bottles for the drive.

Funds will be used to help sponsor a band trip to Corpus Christi this summer, according to Zook.

Election Meet Held At WTSU

County clerks, judges and political party chairmen from throughout the Panhandle attended an election law workshop Wednesday at West Texas State University.

In charge of the day-long session was Mrs. Mary K. Wall, head of the election division of the Secretary of States office.

Representatives from 53 counties in the Panhandle were invited to the meeting sponsored by the Secretary of State.

American Party Sets Conclaves

The American Party will hold precinct conventions in Randall County at 7 o'clock Saturday evening for the purpose of electing delegates to a county convention.

Conventions will be held Saturday in six precincts. In Canyon conventions will be held at the E. K. Snider home at 2511 Eleventh Avenue and at the H. D. Curtis home at 400 Seventh Avenue.

Snider said the conventions will be open to the public.

"We have to draw support from the Democrats and Republicans," Snider explained. He said he expects former Alabama Governor George Wallace, being backed by the American Party for President, to be on the ballot in at least 40 states.

Other precinct convention sites, all in Amarillo, include 4403 Cline Road, 3518 Milam, 4023 Tulare and 4915 Yale.

Precinct conventions will elect delegates to a county convention which will be held at 10 o'clock the morning of March 9 in the Randall County Commissioners Court Room.

The county convention will elect delegates to a state convention to be held March 16 in Austin. A state executive committee will be chosen at the state meeting.

William M. Anderson, Amarillo, is county chairman for the American Party.

Until now, officers of the American Party have been secretive about their group. Anderson's standard answer to news media questioning has been a terse, no comment.

Panel Discussion On Four Subjects

Final plans were made Tuesday night for the annual convention of District 1, Texas Farmers Union, to be held here March 9.

Some 500 Panhandle farmers are expected to attend. Jay Naman, Waco, president of Texas Farmers Union, is scheduled to be here for the meeting.

Sessions will be held in the West Texas State Student Union Building.

Principal speaker for the convention will be Ed Christianson, St. Paul, Minn., vice president of the National Farmers Union. He will talk at a banquet at 7:30 p.m. in the WT East Cafeteria.

Christianson is expected to speak on farm bargaining legislation being promoted by the Farmers Union.

Host for the convention will be the Randall County Farmers Union. Bob Lindsey is president of that group.

Joe Berg of Amarillo is making arrangements for panels on four phases of agriculture. These include wheat, cotton, grain sorghum and livestock. The panel discussions will feature outstanding people in each field and will be held during the afternoon.

Berg, a Potter County farmer, was president of the Texas Farmers Union for 8 years and served as vice president for 14 years.

Louis David, College Station, executive director of the Texas ASCS, will act as chairman for the panels.

On the panel discussing wheat will be Leo Witkowski, Hereford, Kenneth Kendricks, Stratford, and C. L. Edwards, Panhandle. Witkowski is president of the Texas Wheat Growers

Cowgirls Meet Vega Tuesday

The Happy High School Cowgirls basketball squad will be pitted against Vega High School Tuesday in Hereford.

Game time for the first round of regional play-offs will be at 7:30 p.m. in the La Plata Junior High School gymnasium.

Happy coach Bill Harle said the Vega team was considered "very tough" and defeated Canyon High School in two games earlier this season in roundball action.

Any of the three forwards for Vega are capable of scoring 30 points, he added.

If Happy wins the tilt Tuesday, the team will compete in a regional tournament in Canyon March 8-9.

The Cowgirls took district honors by defeating Nazareth 43-42 in cage action last week.

CANYON JUNIOR HIGH SCHOOL students, David Smith and Leta Gill, watch with R. D. Wheelock, school co-ordinator, as Canyon's Mayor Paul Lindsey signs a proclamation for Texas Public School Week.

Improve Streets Bond Issue Goal

A $200,000 bond issue for the widening of several streets and improving water drainage facilities will be offered to Canyon voters April 2.

Approximate figures call for $37,000 for the water drainage, with the remainder of the $200,000 to be used for widening several streets to facilitate the flow of traffic.

Mayor Paul Lindsey said the proposal would include widening 17th St. on Fifth Avenue east to 28th St.; 14th St. and Fourth Avenue north to Third Avenue; east on Third Avenue to 17th St.; and south to Fourth Avenue; and on Second Avenue between 21st and 23rd St.

The widening from 17th St. on Fifth Avenue east to 28th St. will be from an existing 31 foot street to a 44 foot street, he explained.

The action will not deface property, but will actually improve the street surface.

Mayor Lindsey explained it was difficult to repair the old brick streets and added the widening would use the old streets as a base.

The move will not molest any trees on Third Avenue or on the south side of Fifth Avenue from 17th to 23rd. St. A few on the north side will, however, be removed.

The street widening, which will involve moving the curb lines about seven and one-half feet on each side, would be

First Graders Must Register

School census indicates a drastic drop in first grade enrollment in Canyon schools next fall if some parents in the district have not failed to register their children.

This information came this week from Oscar Hinger, principal of Rex Reeves Elementary School here.

"We believe that a large number of parents with beginning first grade students for the fall term, 1968, have not placed their child's name on the school census rolls thus far," said Hinger.

Hinger said only 115 first grade students for next fall have been registered for Rex Reeves and 43 for Gene Howe.

Currently Rex Reeves has 168 first graders and Gene Howe 46. This is a marked drop in prospective first grade enrollment, Hinger pointed out.

"It is imperative that parents check the following lists for both Gene Howe and Rex Reeves Schools and if their child's name is not included, they should

Expensive Painting Is Stolen

A painting valued at $300 was taken from the Student Union Building at West Texas State University sometime last week.

The artist, Mrs. Dollye Ballenger, had sold the oil color painting to Mrs. Ronald W. Williams but received permission to exhibit the art work at WTSU and in Amarillo. Both women are from Midland.

The painting, part of a large collection on display, features a six-year-old boy dressed in red, white and blue, standing beside a golden egg and a gray-white duck.

The art work, painted on expensive linen, was in a 42" x 30" frame.

This is only one in a series of thefts on the WTSU campus, said Security Chief Bobby Hudson.

A $300 PAINTING, similar to this sketch, was taken from the West Texas State University Student Union Building last week. Mrs. Dollye Ballenger, who had sold her oil painting to Mrs. Ronald Williams, discovered the theft Sunday when she was moving the display to an Amarillo exhibition.

Inspections By April 15

All vehicles in Randall County must have motor vehicle safety inspections by April 15, according to Ed Richards, safety education officer for the Department of Public Safety.

Richards said thus far only about 30 per cent of the residents have had their vehicles inspected.

Only One Announced For Board

Only one candidate, Jerry LaGrone, had announced for the school board as of Wednesday morning.

Terms of three incumbents, including LaGrone, expire this year. Other board members whose terms expire are Wesley Cox, board president, and Joe Gill.

Next Wednesday is the deadline for filing for the April school board election. Prospective candidates may file at the office of the school superintendent in the Canyon High School Building.

Cox and Gill have not yet announced their intentions.

Public School Week Observance Begins

Schools of the Canyon Independent School District will hold open house next week in observance of Texas Public School Week, March 4-8.

Parents and other interested persons are urged to visit the schools for a look at the progress being made in the education field, according to Lawrence Brotherton, co-ordinating chairman for the schools.

Parents visiting Rex Reeves Elementary School have been notified by letter of the best time to visit with their child at the school, according to Oscar Hinger. "It is necessary that we limit our visitations to certain days and time periods because of the large number of students at Rex Reeves," said Hinger. The school has a current student registration of 1,027 students.

Open house at Gene Howe Elementary, Canyon Junior High School and Canyon High School will be conducted during the evenings. Gene Howe parents will be invited to the schools Monday from 7:30 until 9 p.m. while those parents with children at CJHS or CHS will be guests at open house activities Tuesday evening.

At Gene Howe, which has a current enrollment of 292, parents will visit the classrooms and visit with teachers. A display from the school's science fair will also be available for inspection and a program on "artificial resuscitation" will be presented by Southwestern Publis Service Monday evening for the Gene Howe PTA.

Open house at both Canyon Junior High School and Canyon High School will be held Tuesday night. CHS parents will visit from 7:30 until 9 p.m. and parents of junior high students will be requested to attend beginning at 7 p.m.

Dan Trew, principal of the junior high, urges parents to visit the school Tuesday evening for a "run through of the day's activities." Parents will begin the visitation in the first period classroom with a 15 minute welcome, discussion of the

JERRY LEHNICK

Student Counts "Firsts"

A Canyon High School junior, Jerry Lehnick, made firsts on several counts last week as he was the first patient admitted to the new High Plains Baptist Hospital in Amarillo.

Lehnick, 17, is the son of Mr. and Mrs. Curtis Lehnick of Canyon. He was admitted to the hospital at 2:15 p.m. on Tuesday of last week, was the first patient to undergo surgery at the hospital, and was the first patient to be released from the hospital. He was released Friday at 11 a.m.

Along with his other "firsts", Lehnick's condition had been diagnosed as a rib tumor but exploratory surgery confirmed a "buckled or warped rib", according to his mother.

FROM THE CANYON RIM

Canyon will be playing host to a District I convention of the Texas Farmers Union March 9.

Jay Naman, the state president, is expected to be here. Agriculture and farm prices are basic to the American economy and the Farmers Union and Farm Bureau differ markedly on their approach to agricultural problems.

I wish a debate between informed representatives of the two groups could be arranged sometime. I may talk to Mr. Naman about such a project while he is here.

* * *

What used to be a formidable farm block which could make or break Presidents no longer is important on the political scene. Farming is being done by fewer and fewer people.

There may come a time when farm workers outnumber farm operators. They may even be approaching this point now.

I think it is indisputable that we will see larger and larger farms.

The family type farm is just about a thing of the past in America. By family type farm I mean a farm which is operated by a family with little or no outside help.

I remember the little farm on which I grew up was farmed by my family. We seldom even hired outside labor for harvest.

* * *

The population today is urban the pendulum of political power has swung from the farm to the factory where labor leaders instead of farm leaders call the shots.

Since people elect the government and more people are food consumers than food producers, the government is consumer orientated. Because this is true, it's going to be hard for the farmer to get a fair shake on prices, regardless of who occupies the White House.

* * *

I think research is a field which American agriculture has neglected. True, research has increased yields by unbelievable proportions but we need to discover new uses for our products and develop products which are better for present uses.

I am glad to see the farmers of this area planning huge canals to bring water from flooded areas to water the High Plains after underground water plays out.

* * *

Whatever happens, we must not forget that the future of America is wrapped up in her agriculture. It behooves all of us to foster a strong agriculture in this country.

For this reason, I am happy to see farmers getting together to talk over their problems and find solutions whether they meet under the banner of the Farmers Union or the Farm Bureau.

I hope Canyon will join in welcoming Panhandle farmers to town March 9.

* * *

Randall County is installing 200 punch-card voting machines for use in the upcoming primaries. Suppliers of the machines say the election returns can be announced within an hour after the ballot cards are delivered to the IBM computers at West Texas State University and the firm is under $33,000 bond assuring completion of the count within 12 hours.

It took Duval County almost a week to count its votes in the Senate race of 1948. If that county had had these new fangled machines then, Lyndon might still be chopping cotton on the Perdenales.

* * *

Newspapers were criticized at a recent meeting in Canyon for playing up bad things youths do and not giving proper publicity to good things they do.

I took that week's Canyon News and thumbed through it marking the stories supporting worthwhile youth activities. I counted 50 such stories.

There wasn't a single story about a youngster getting into trouble. This tells two stories. Canyon has a group of youngsters who do not get into much trouble.

The Canyon News does support worthwhile undertakings of Canyon youngsters.

* * *

While I was counting the stories Phil Swatzell called to give us an announcement about a Canyon High School C Club car wash. We got the story in and I hope the car wash was a success.

* * *

When I was in the service I hitch hiked many a mile. Folks were good to me and now I hate to pass a hitch hiker.

I picked two up Sunday near Panhandle. My experience broke me of my Samaritan instincts on the highway. Never again.

The two boys I gave a lift were about 20 years old.

They at least did their best to frighten me into thinking I was about to be robbed. It was only after I told them that if they tried anything I would deliberately take my car up to 90 miles an hour and drive it into a utility pole, that they became polite.

It is a harsh world we live in when we must fear doing a good deed for a fellowman.

Happy Cowboys Win Bi-District

Happy High School Cowboys basketball squad downed Hartley Tuesday evening to take the bi-district championship.

Although the final tally was 59-49, Happy was unable to gain a substantial lead against Hartley until the last quarter when the Cowboys hit 70 per cent of their shots from the field.

Wick Culp was high scorer for the Cowboys with 15 markers, followed by Steve Vernon, who played in the second half, with 14 points. Of 20 free throws attempted, the Cowboys sank 13 at the charity line.

By taking the bi-district crown, Happy will be pitted against Rule High School here at a regional tournament with the Cowboy's tilt starting Friday at 7 p.m. in the West Texas State University Fieldhouse.

If Happy wins the cage contest the Cowboys will meet Meadow High School Saturday at 10 a.m.

The Rule squad, said Cowboy coach Gale Simpson, was considered one of the stronger teams in the region.

News Brief

DR. J. A. HILL traced the growth of West Texas University Tuesday in a talk before Canyon Rotary Club.

Dr. Hill, who was a member of the first faculty, told of some of the struggles of the young institution. These included fire, drouth and an attempt to abolish the college.

Dr. Hill became president of West Texas State in 1918, succeeding Dr. R. B. Cousins. He continued in that post until 1948.

1892 Politics Viewed

Editor's Note: Taken from The Keystone, July 29, 1892. Publisher, J. B. Younger by Mrs. Clyde Warwick, for The Randall County Historical Survey Committee.)

Being an old and astute politician, and having carefully analyzed the democratic, republican and third party political platforms and finding them all rotten and corrupt to the core, of evil and only evil tendencies, calculated in their nature, design and purpose to bring disaster, ruin, poverty and destruction to the masses and believing there is yet hope of diverting the disasterous ruin that threatens our country by organizing a fourth party similar and yet dissimilar to either of the aforesaid parties. Similar to some of the foregoing, as it is to be made up entirely of the rag-tag-bob-tail, dissatisfied, disgruntled, grumbling, growling, whining members of other political parties; and dissimilar, as no man is allowed to become a member of this party for our trade or influence.

I hereby call a mass meeting of such men as described above to meet in the brush near Mt. Vernon on the night of July 4th, at 12 o'clock for the purpose of organizing and fully equipping for the war this fourth political party. When organized we will elect by ballot a sufficient number to fully, secretly, steathly and sneakingly canvas the entire county of Franklin.

It shall be the duty of each canvasser to lie on, misrepresent and throw their nasty filth and slime over all political organizations.

I hereby notify all interested parties that no person shall hold office in or even become a member of this party until he fully endorses and subscribes to the following under oath.

"I, A. B., in the presence of these my disgruntled brethern, do most sencerely promise and swear that old Jim Hogg is personally and individually responsible for the drouths, cyclones, hailstorms, short crops and low prices of farm products in the state of Texas; and if Clark is elected governor he will have the country in a worse fix than Hogg has, for I do solemly swear that Clark is a bigger liar and a smarter man than Hogg.

"I further more do solemly swear and promise that I will not under any circumstances whatever vote for any man for office who can read or write or whose state or county taxes amount to more than $2 a year.

"I furthermore do most solemnly swear by all that is good and bad, with all the devil and vim there is in me, that I do honestly and sincerely believe that the property accumulated by hard licks, industry and economy of our well to do citizens ought to be divided equally among the lazy, disgruntled members of this party and furthermore I swear that I will never be satisfied until this is done.

"I furthermore tip-toe and rock back on my dew claws and most sincerely, solemly, willingly and anxiously promise and swear that I never will plant more than a half crop of anything and will under no circumstances half work that, and I furthermore swear that I will do all I can to keep my neighbors from working theirs or paying debts, and to cap the climax, I do with all the earnestness of my soul, from the bottom of my heart, sincerely promise and swear that I will take my wife's chickens, butter and eggs to town and trade for whiskey, get heap big drunk and talk politics."

Believing a party made up of the above mentioned material would revolutionize the whole country and be a good thing, I urge all who can concientiously take the oath to be prompt in meeting at the above time and place. John Bently Brown

Salute

Association. Kendricks is a former president of the National Wheat Growers Association and Edwards is a member of the Carson County ASC committee.

On the grain sorghum panel will be Elbert Harp, Abernathy, Bill Nelson, Amarillo, and Ronald Kotora, Panhandle. Harp is president of the Grain Sorghum Producers Association and Nelson is executive secretary. Kotora is an ASC committeeman.

Discussing cotton will be Joe Rankin of Ralls and Joe Pate of Lubbock. Rankin is director of District 2, Texas Farmers Union, and Pate is a director on the Lubbock Coop Oil Mill board.

Discussing livestock will be Ed Uvacek, College Station, director of Marketing and Research for Texas A&M, and Bob Lindsey, Canyon, president of the Randall County Farmers Union.

Lindsey said the convention will get under way with registration at 1 o'clock in the afternoon in the Student Union Building on the West Texas State campus. Panels will begin at 2 o'clock.

During the afternnon there will be a style show for the women. McDonald's Shop will supply the fashions. Mrs. Bob Lindsey is in charge.

A quartet from the Canyon High School production of Music Man will supply vocal entertainment for the evening banquet.

Lindsey said the district convention will be preceded by a membership drive in Randall County next Monday, Tuesday and Wednesday. Assisting with the drive will be Kenneth Moss and Myles Collins, Lubbock, Farmers Union fieldmen.

Hill . . .

(Continued from Page 1)

Don May of Dayton.

The second team consisted of Larry Miller of North Carolina, Calvin Murphy of Niagra, Jo Jo White of Kansas, Bob Lanier of St. Bonaventure and Don Smith of Iowa State.

Hill, who ranks sixth nationally in scoring with a 28.4 average, drew honorable mention along with Lucius Allen of UCLA; Mike Lewis Duke; Butch Beard, Louisville; Henry Logan, Western Carolina; Charlie Scott, North Carolina; Mervin Jackson, Utah; Shaler Hailmon, Utah State; Ron Williams, West Virginia; Tom Boerwinkle of Tennessee and Harry Hollines, Denver.

Hayes, surprisingly, was the lone unanimous choice. And even more surprising was the fact that Alcindor was not. He was a unanimous selection last year.

Maravich, a sophomore, just squeaked past Larry Miller of North Carolina for the first team honor.

Hill, who has another year at WT, also has pulled down 11.3 rebounds per game and has led the Buffs to a 10-9 record.

Heart Fund Counts $400

Heart Fund volunteers collected a little over $400 in a citywide canvas Sunday afternoon, according to Lee Roy Moreland, finance chairman.

"Proceeds are still being counted though," said Moreland explaining that donation letters are being mailed and results of Tuesday's "coffee day" were not available.

Extra . . . .

(Continued from Page 1)

Bourland's salary the court reaffirmed a policy that county employes cannot work at a part time job during office hours or use county equipment for performance of such jobs.

County Clerk Leroy Hutton told the court his chief deputy, Mrs. Virginia Byars, has been "doing some work before office hours, at noon and during coffee breaks for the city and schools."

He said she has been using county equipment for these jobs but declared that the practice will be discontinued.

There were reports that some other county employes who have been engaging in extra work during office hours will no longer do so.

Commissioners approved an agreement and $33,000 performance bond which will allow Datamedia Corporation of New York to conduct Democratic and Republican primary elections in Randall County in May and any subsequent runoff election.

The primary elections will be conducted by the firm as a trial of a punch-card voting machine the company hopes to sell to Randall County.

The county tentatively plans to purchase 200 punch-card voting machines for $33,000 less $17,000 trade in for 34 lever-type voting machines presently owned by the county.

Commissioner Bill Butler made the motion last week to allow Datamedia to conduct the trial elections but this week attempted to kill the motion by an effort to block its approval in the minutes of the court.

The other three commissioners voted against Butler. Butler said he was dissatisfied with provisions in the agreement presented to the court by Datamedia Monday.

Dowlen, Beckman and Commissioner B. R. Jones voted to approve the agreement for Datamedia to conduct two trial elections in Randall County. Butler abstained from voting.

Datamedia was one of three firms bidding on supplying punch-card voting machines for the county and was apparent low bidder.

The court is not obligated to purchase the machine if the trial elections do not come off satisfactorily.

Computer equipment at West Texas State University's Killgore Research Center probably will be used to count votes cast on the new machines.

County officials toured WTSU's data processing system last Friday and were assured cooperation by Durwood Henderson, director of the system. Henderson told the group that the university would provide any services that the facility is capable of performing and would charge a nominal fee.

At Monday's meeting County Juvenile Probation Officer Woody Pond told commissioners that he is in need of an assistant because of his heavy load of cases.

He said he is handling 54 cases at the present time.

"I can't get around to all of them," he declared. "I need some help."

Pond suggested the hiring of a college student to help on a part time basis. He said the university would pay a part of such an assistant's salary and that it would cost the county only $36 a month.

Commissioner Butler suggested hiring Pond a part time secretary.

Commissioners agreed to spend $150,000 of Farm to Market Road money, expected to be appropriated by a special session of the legislature, on five miles of road in Precinct 3.

The new pavement will be laid beginning at a point 4 miles east of FM 1541 and will run 5 miles in an easterly direction from that point. The state will assume maintenance of 4 miles of existing pavement running from US Highway 87 in Happy easterly to the point where the new pavement will begin.

The court voted to purchase a pickup truck from Jess Ford Company of Canyon for use in Precinct 3. The Canyon firm's price of $2,447.95 was apparent low bid meeting specifications.

Precincts 3 and 4 purchased a steam washer for washing engines at $1,069. The washer was purchased from Time Chemical Company of Amarillo.

Memorial Scholarship Fund Begun

A scholarship memorial fund in memory of Mrs. Laura Jane Walker has been set up by Mr. and Mrs. Gilbert Brown of Canyon who donated the first $1,000 to the fund.

The fund has been placed to help deserving students at Wayland College in Plainview. Wayland is a Baptist school and Mrs. Walker was a devout Baptist.

Mrs. Brown, daughter of Mrs. Walker, is a graduate of Wayland. Mrs. Brown is a counsellor and psychology instructor at West Texas State University.

Mrs. Walker died a week ago Saturday at the age of 92.

Anyone who wishes to do so may contribute to the fund in Mrs. Walker's memory.

about the same distance as across the width of two parked cars.

The other paving proposed would complete a program started about two years ago of widening streets around Canyon's "square".

As for the storm sewer improvement, plans call for starting at 24th St. and Fifth Avenue and going east and south to 28th St. and Seventh Avenue.

This would tie the new line to existing facilities, the Mayor explained.

"Three or four years ago," he continued, "we put in a larger storm sewer anticipating another laternal storm sewer to tie in to it."

The existing line, he said, is not large enough to sufficiently handle flood waters. A 36" line would replace the existing 24" line.

Also to be offered in the April 2 election will be a bond issue for sewer plant expansion to cost $212,000 and $26,000 for sanitation improvements.

Articles Stolen

Musical instruments valued at about $1,000 were taken from a residence north east of Canyon sometime last Thursday afternoon.

William H. Homes notified Randall County deputies that six guitars and three bass accordions had been taken from his residence. Also stolen was a radio, costume jewelry, and a registered female collie dog.

Entry was gained through a garage door.

Buff Grid Schedule Completed

West Texas State University has completed its 1968 football schedule with the return of Memphis State, Western Michigan and Lamar Tech after schedule absences of a year or more. The Buffs will also meet 1967 foes Wichita State, University of Pacific, Montana State, University of Texas at Arlington, Utah State, New Mexico State and Colorado State.

West Texas' 10-game schedule includes five home games in Buffalo Bowl and five road contests. 1968 home games will begin at 8 p.m. rather than 7:30 p.m. like last season.

"I believe that starting our games at 8 p.m. will encourage more fans in the greater Panhandle area to come to our home games," says West Texas athletic director Frank Kimbrough. "We're hopeful that the additional 30 minutes will serve to boost our attendance for next season."

The 1968 home schedule features games with Lamar Tech (Sept. 14), Wichita (Sept. 21), U. of Pacific (Sept. 28), UT at Arlington (Oct. 19), and Western Michigan (Nov. 9). The Western Michigan game has been designated as the 1968 homecoming contest. Road games are with Montana State (Oct. 5), Memphis State (Oct 12), Utah State (Oct. 26), New Mexico State (Nov. 2) and Colorado State (Nov. 16). The Montana State, Utah State and Colorado State games will all begin at 1:30 p.m. (MST). West Texas' homecoming game with Western Michigan will begin at 2 p.m.

The Buffs posted a 7-3 season in 1967 and defeated San Fernando Valley State 35-13 in the Junior Rose Bowl. The 1968 team returns 24 lettermen and 13 starters from last year's squad.

course content and procedures. Parents will be issued schedules of their child's classes at the first period classroom and will then change classes and visit with homeroom teachers on a 10 minute class schedule. Teachers will be stationed in the classrooms to discuss the course content and procedures as well as explain student displays. The junior high has a current enrollment of 683.

At Canyon High School, displays will be set up in the classrooms and teachers will be available for consultation with visiting parents. The high school's current enrollment is 551.

Canyon's civic clubs will meet at the junior high school cafeteria on the following schedule: Kiwanis, Friday; and Jaycees and Rotarians on Tuesday. The Lions Club met at the school on Wednesday of this week. Entertainment for each of the civic club meetings will be furnished by choir and band students of the school. The Student Council members will serve as official hosts for visitations at the school.

An annual program by third grade students at Rex Reeves Elementary School is slated for Tuesday at 7:30 p.m. in the all-purpose room. The program will feature an American Heritage theme.

Science Fair exhibits at Rex Reeves will also be on display during the week as parents visit on their prescribed schedule, according to Hinger. Serving as hospitality committee for the school will be the Rex Reeves Parent-Teacher Association.

Radio broadcasts over KCAN, Canyon, will feature programs by students of the various schools during the week. Students from the fourth and fifth grades of Gene Howe will participate as well as speech and music departments from Canyon High School and the sixth grade choir and band from Rex Reeves.

The billboard on the school lawn at CJHS will feature a school week theme and speech students at Canyon High School will use the school intercom system each morning to give talks in relation to the progress of education.

Students and teachers will be dismissed from regular classes Friday, March 8, due to the annual district teacher's meeting in Amarillo.

tured in 1962 or after must be equipped with seat belts before an inspection can be made. If the vehicles have seat belt anchorages, the safety devices must be installed before an inspection can be made.

Auto supply stores, he explained, are hesitant to stock a large number of seat belts. As a result, those vehicle owners waiting until the last few days to have the inspection may be unable to obtain seat belts.

Those business establishments in Canyon designated by the DPS as inspection stations are Dorris Garage, Imperial Chevrolet Company, Jess Ford Company, McAtee and Warwick Motor Service, McBroom Garage, Randall Motor Company and Stevenson Pontiac, and Donnell Garage in Umbarger.

"TEXAS" auditions will be conducted Saturday in Arlington at the Six Flags Inn, according to Raymond Raillard, executive vice president of the show's sponsoring Panhandle Heritage Foundation.

"TEXAS" directors William and Margaret Moore and musical director Royal Brantley recently held tryouts at Texas Tech in Lubbock and another audition is planned in Portales, N. M. during the month of March.

Cast for the show held each summer in Palo Duro Canyon State Park will be announced after all auditions have been completed, Raillard said.

The Methodist Student Center on the campus of West Texas State University has been sold to the Church of Christ Bible Chair at WT.

Both facilities are located adjacent the campus on 24th Street.

The Methodist group has purchased land for a new building at 26th Street and Second Avenue. Churches of the conference and individual donations will be added to the $50,000 received for the old building to finance the new building, which is scheduled to be almost triple in size to the present facility.
